## MESSAGE FROM OUR SCHOOL COMMUNITY

---

### **Principal's Message**

It is my pleasure to welcome you to the College's Annual Report for 2013. This Report will inform you about the profile of the staff, the achievements of the students and the progress of MacKillop over the past twelve months. In a splendid year for the College we began to enjoy extensively refurbished facilities, increased student achievement in all aspects of school life, growth in numbers, reduction of debt and the recruitment of outstanding teachers and support staff. In 2013 MacKillop continues to do its best to meet the challenge of a welcoming, inclusive Catholic community embracing the opportunities of the 21st century.

### **School Board Message**

The St Mary MacKillop College Board is an advisory body to the College Principal. Its membership is: parent, teacher and executive teacher representatives.

Two Sub-committees of the Board, the Finance and Works Sub-committees meet to consider and make representations to the full Board on financial, capital works and maintenance issues

The Board is pleased with the continued progress of the College in the areas of student academic achievement, the dedication of staff to on-going curriculum development and implementation and the continued improvements to student and staff amenities while at the same time maintaining a low fee structure.

### **Student Representative's Message**

2013 was a great year for the students at MacKillop. So many of us were involved in fundraising with other Catholic schools in Canberra, and through our House charities and MacKillop Day. This year student leaders were invited to attend the College Board meetings and the student leaders had a trip to Melbourne to visit the MacKillop Centre in Albert Street, visit the student leaders at the Academy of Mary Immaculate in Fitzroy and attend the Dawn Service at the St Kilda Road Shrine. The emergence of the Recorder Group during the year will hopefully become a legacy of Year 12 2013.

## SCHOOL FEATURES

---

St Mary MacKillop College is a Catholic Secondary College located in the Tuggeranong Valley. The school caters for students in Years 7-12, and has a current enrolment of 1,772 students.

Students attending this College come from a variety of backgrounds and nationalities consisting of 48% male and 52% female students; 42 indigenous students; and 124 with a Language Background other than English (LBOTE).

The school employs 170 staff comprising 122 teachers and 48 non-teaching staff, the latter being employed in a variety of capacities including Learning Support, Clerical Support and Maintenance.

MacKillop has an ethos and vision strongly influenced by the legacy of St Mary of the Cross MacKillop and Fr Julian Tennison Woods. Key features of this vision are a school welcoming of all, a strong focus on Social Justice, an emphasis on indigeneity and ecology in and beyond the curriculum and a Quality Conduct Policy that emphasise personal responsibility and restorative practices.

Over forty sports are played by MacKillop students with a huge following for Netball, Basketball, AFL, Cricket and football, as well as fencing, water polo, swimming, mountain bike riding and athletics. The College Musical this year was 'Mulan' and Variety Night included a wide range of items including illusion, recitation, band, comedy, juggling, song and dance. 2013 saw the birth of the MacKillop Recorder Group who have won a wide following. Chess is our biggest co-curricular activity and Andrew Barclay was again the College Chess Champion for 2013. The College Debaters were strong again this year.

A particularly proud moment was the selection of Oscar Mortlock (Year 12) as a “Summer Scholar” at the National Gallery of Australia – a national program for Young Australian Artists.

The school’s website can be found at [www.mackillop.act.edu.au](http://www.mackillop.act.edu.au)

## RELIGIOUS EDUCATION

---

St Mary MacKillop College follows the Archdiocesan Religious Education Curriculum, *Treasures New and Old*.

Religious Education is required of all students to Year 10 and to at least a minor towards the Year 12 ACT Certificate, about 70% of students choose to study a Major in RE and it is almost always among their best subject – it is very well taught at MacKillop.

The faith life at MacKillop is central to the College. Our two chapels are located in the heart of each campus and Mass is celebrated at least once a week. Symbols of the Catholic faith are omnipresent around the College and community prayer and illumination of scriptures are deeply valued. College Masses and liturgies are conducted with dignity and all members of our community are invited to attend and participate.

Our senior students are heavily engaged in the faith formation of students in our Parish primary schools, playing a significant role in their sacramental programs and reflection days.

The Year 12 Retreat is a much loved highlight of the Calendar.

## STUDENT ACHIEVEMENT - NAPLAN

---

Students in Years 7 and 9 sat the *National Assessment Program - Literacy and Numeracy* (NAPLAN) in May this year. NAPLAN assessment results provide valuable information about student achievements in Literacy and Numeracy. An analysis of these results assists school planning and is used to support teaching and learning programs.

The above tables show that strategies in place in the College to support students in the lowest achievement bands are effective in meeting their needs, while numeracy practices will benefit from the introduction of a Numeracy Coordinator in 2014 to lead teachers in developing excellent classroom practices, embedding numeracy skills in Maths classes and across the curriculum. Reading and writing continue to be areas of strength for the College, supported by Tactical Teaching Reading and collaborative teaching of writing skills through the English faculty.

## **PRIORITIES AND TARGETS**

---

2013 saw the continued emphasis on developing literacy and numeracy skills for all students, but with a focus on Years 7 - 9 using agreed whole school practices. These include Quality Teaching Framework, Tactical Teaching Reading, and the development of a Curriculum model which outlines the relationships between school improvement, and accountability and compliance measures. There have been developments in the use of data to drive decision making in the school. Following the Registration in 2012, there were faculty reviews of Inclusive Education and Physical Education from which action plans for future development were created. Teacher certification and registration policies were brought in line with Teacher Quality Institute, particularly in the areas of teacher mentoring, continuing learning and professional conversations. Finally, the implementation of the Australian Curriculum, including English, History, Science, Maths and Geography has been completed, including the mapping of the General Capabilities and the Cross Curriculum Priorities, and planning is underway for the development of Senior Courses in English and Science for implementation in 2014.

## PARENT, TEACHER AND STUDENT SATISFACTION

---

The opinions of parents, students and teachers are sought throughout the year in formal and informal ways, covering a range of aspects including school improvement. As in previous years, parent and guardian satisfaction at St Mary MacKillop has been high. Parents and guardians attend information evenings and parent teacher nights, seeking a detailed engagement with the academic processes of the school. Families are also conspicuous in their attendance at College masses and liturgies, assemblies and other college events. The College Board remains an authentic and important way in which parents can raise their concerns and their satisfaction with the school, continues to express support for the strategic direction of the College, as well as being pleased with the continued improvements being made in student outcomes, especially at certification points. Parents are also supportive of the pastoral support students receive, focused as it is on age appropriate education for personal; development and a strong emphasis on supporting the individual where needed. Students, too, have expressed their acknowledgement of the importance of the pastoral support they receive, particularly at points of transition.

Student participation in Carnivals, College sports and co-curricular programmes, Masses and liturgies, and other College events continues at high levels. Our students continue to look for ways in which they can develop and provide leadership to their fellow students, and through such bodies as the Student Representative Council and primary school forums they are finding ways to demonstrate their commitment to improving their College. Student leaders are also instrumental in leading House activities, especially those focused on Social Justice, an area where the entire student body places an emphasis.

Staff members continue to express high levels of support for the strategic direction of the school and its vision and mission. In particular, they support the inclusive and welcoming nature of the school, and the importance of new staff, including early career teachers, in the renewal of the school. The changes that have occurred in the architecture of the school are welcomed as they offer opportunities for the development of better outcomes for students through 21st Century pedagogies. Staff understand that the maintenance of the strong connection between our support staff and our teachers is important for the benefit of our students, and professional learning, which has always been of significance in the school continues to be a key link between the vision of the school and the outcomes of our students.
